

July 31, 2018

Dear Parents,

The Calloway County Public Library parking lot is used by a number of parents as an afterschool designated pick-up location. Although CCPL is pleased to provide this service, the volume of traffic that occurs poses potential safety risks.

Therefore, as the safety of all CCPL patrons, especially children, is a CCPL priority, we respectfully request the following:

- A parent/guardian or adult caregiver must physically be with their child/children at all times.
- At no time may children play in the parking lot.
- Children may not play on the sidewalks, on the lawn or in the garden area without an adult physically present.
- Please use extreme caution when backing up and when driving through the parking lot. Both children and adults often walk/dart across the parking lot without checking for traffic.

CCPL sincerely thanks you for your kind consideration and assistance.

Respectfully,

Calloway County Public Library
